

Mackerel IgE

Order Name: **Mackerel**

Test Number: 5613459

Revision Date: 12/14/2022

| TEST NAME    | METHODOLOGY | LOINC CODE |
|--------------|-------------|------------|
| Mackerel IgE | ImmunoCAP   |            |

| SPECIMEN REQUIREMENTS |                                                                                                                                                                                                                                           |               |                    |                       |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|--------------------|-----------------------|
| Specimen              | Specimen Volume (min)                                                                                                                                                                                                                     | Specimen Type | Specimen Container | Transport Environment |
| Preferred             | 0.25 mL (0.1 mL)                                                                                                                                                                                                                          | Serum         | Clot Activator SST | Room Temperature      |
| Instructions          | <b>Specimen Type:</b> Red-top tube or gel-barrier tube<br><b>Specimen Storage:</b> Room temperature<br><b>Specimen Collection:</b> Not Available<br><b>Specimen Stability:</b> Ambient: 14 days, Refrigerated : 14 days, Frozen: 3 months |               |                    |                       |

| GENERAL INFORMATION          |                           |
|------------------------------|---------------------------|
| Expected TAT                 | 2 - 4 days                |
